

Campaigns and Communications Champion Voluntary Role

Are you passionate about making a difference to lives within our community? Do you have a few hours a week to spare?

Citizens Advice Gosport is looking for a volunteer to fulfil the role of Campaigns and Communications Champion working within our existing social policy team. The ability to work from home would be an advantage but not essential.

We need someone effective in identifying trends and willing to take our local campaigns to the next level. This role requires someone with an interest in social policy work, a good communicator and team player.

Please contact Ame on 02392 604605 or email us on admin@gosportcab.cabnet.org.uk for an application pack and further details.

Please telephone Ame on the above number for an informal discussion about this role.
